### What You Need:

- Kids will be given the chance to gather items from home that can be used as instruments.

### Activity:

#### What You Do:

- Tell kids they get to come up with a rhythm or song together.
- Give them a moment to go find something they can use as an instrument: pots and pans, wooden spoons, glasses of water (carefully!), glass bottles, or even actual/real instruments!
- Tell kids they can move their meeting device to wherever the instruments are, if necessary and as long as they have permission.
- When everyone has returned with something to play, guide the group to work together to come up with a rhythm or short melody.
- To get them started, you may need to bang a rhythm on your table or on a pot, to give them group something to work from.

### What You Say:

"I love how we all became one band with one beat! In Paul's letter to the Corinthians, from today's Scripture, he says that we are one body with Jesus. We are all working together to show the world who God is and how He loves us. All of our gifts point to that one idea—on their own they're cool, but together they are amazing! That's why **[Bottom Line] we can use our gifts together to make a greater difference.**

"What other ways do people combine to make or do something great?" (*Pause for responses; a band, a sports team, a family, a community, a school, a dance troupe, a theater cast, a game club, etc.*) How can we use our gifts together to show others what God is like? (*We can include everyone in the games we play at recess, we can be kind especially when someone seems to have had a hard day, we can encourage others to be helpful to our teachers at school*) Those are great ideas! Always be looking for ways you can use your gifts with others to make a big difference."

Close your group in prayer:

“Dear God, thank You for giving us not just gifts but a church that will help us use them! Please show us the ways we can use our gifts together to make a greater difference in our world. We love You, and we pray these things in Jesus’ name. Amen.”
